MAY CUT BASEBALL; NO ADEQUATE FUNDS

Must Curtail All Activities of Spring;
Freshman Baseball Team Likely
To Be Only Activity.

Curtailed student activities for the spring, which will probably result in calling off varsity baseball entirely, is seen from the recent report on finances of the activity fund. The Director of Student Activities and the Board of Managers are considering the advisability of cutting out baseball, save for freshmen, and the retrenchment on all other sports and activities as a result of the canvass of tax signers and pledges paid.

The Student Council was apprised of the policy to be recommended at its last meeting. The state of the finances of the activity fund do not warrant the expenditure of any money for baseball. If all of the money pledged was paid over by the students there would be no cause for retrenchment. Under the circumstances and obligated as the various interests are in the matter of contracts for medical benefits, the Cherry Tree, tennis, track and swimming, there appears to be no likelihood in attempting to assume such an expensive program as that mapped out for baseball.

The Director of Student Activities, in a report submitted to the Student Council and the Board of Managers, outlined the expenses as follows:

"With all bills paid for all activities to date, a balance of \$1,211 remains in the treasury. It must be borne in mind that during the year the football season with varsity and freshman teams, the basketball season with varsity and freshman team for men and five teams for women; the indoor track season, the medical benefits bills to the University Hospital; swimming for men and women, the Glee Club, The Hatchet and the Cherry Tree have been run with no small show of success.

"All of the activities have been run as economically as possible, bearing in mind that the University is not possessed of a single field or building for athletics of any sort. Fourteen teams will have been fully equipped and maintained during the year. Eighteen different places have been secured to accommodate these teams. There has been increased interest in every squad and team.

The figures offered for comparison are as follows:

Students pledged to pay..... 1,429
Dropped, or failed to register... 44

Total..... 1,376

Unpaid, Sem. I and Sem. II..... 217
Unpaid, Sem. II..... 569
Paid, Sem. II..... 590

Total..... 1,376

Balance..... \$1,211
Due unpaid, Sem. II..... 3,935
Due other sources..... 681

\$5,827

Liabilities—
Cherry Tree..... \$3,250
Medical benefits..... 1,100
Debate..... 300
Tennis..... 250
Track..... 300
Miscellaneous..... 300

\$5,550

"No estimate is made for baseball in the above outline. In the assets no account is taken of the unpaid first semester tax due. If all second semester pledges are paid, the above estimates can be successfully met. If those pledged for the first semester are uncollected, a deficit will be apparent. If all first semester pledges are paid, \$1,085 will be on hand, enough for a varsity schedule.

"In view of the fact that the Cherry Tree contract calls for 1,500 Cherry Trees, based upon providing all students signed up with one copy and 150 in addition for sale, it is believed that the state of the finances warrants no further expenditure for such a large item as baseball.

"Baseball contracts, including the few guarantees, will have to be called off as soon as possible. Letters will be sent before the opening of the season, calling attention to the fact that the recommendation is being made here that baseball be called off and asking for releases. No other action at this time is possible, because the student activity fund cannot face a deficit this year, if the future is to be reckoned with and the support of the Board of Trustees expected."

NEW ARRANGEMENT WILL DESTROY DATE CONFLICTS

Resolutions of Board of Managers
Empowers Bryan Morse To Arrange
School Calendar.

George Washington University student organizations or activities are today notified by a resolution of the Board of Managers that all dates must be submitted to the Director of Student Activities for approval in future.

The many conflicts in dates and engagements this year have been to the detriment of the various organizations. In an effort to preclude the possibility of future conflicts, the Board of Managers at its meeting on Saturday, March 19, passed the following resolution.

"Whereas there have been many student activities taking place at the same time, to the detriment of all parties to the conflict, and

"Whereas the Director of Student Activities can not as successfully carry out his duties if the support of the University is to be divided among several functions at the same time, therefore be it

"Resolved, That the Director of Student Activities shall inaugurate and maintain a calendar of student events; that no organization within the jurisdiction of the Board of Managers shall hold any function without securing a place on this calendar; that the consent of the Director of Student Activities must be secured to obtain a place on this calendar; that the consent of the Director of Student Activities shall be given or withheld, as he thinks, in his best judgment, there will or will not be a conflict of dates, or, if there is such conflict, it will or will not be detrimental to the interests of the University. Provided, That if such student organizations within the jurisdiction of the Board of Managers shall violate or evade the provisions of this resolution, their officers shall be suspended from further participation in student activities for the remainder of the scholastic year, and the organization shall be dissolved and abolished, in the discretion of the Board of Managers."

The resolution is self-explanatory. In future all dates for student activities must be submitted to the Director of Student Activities for approval.

The resolution is self-explanatory. In future all dates for student activities must be submitted to the Director of Student Activities for approval.

WELL KNOWN NICARAGUAN TALKS TO SPANISH CLUB

Son of President of Nicaragua Addresses Club on South America's
Attitude Toward United States.

Diego Chamorro, son of the president of Nicaragua, was the speaker at the meeting of El Circulo Espanol in the assembly room of 2017 G Street Tuesday, March 22. More than 45 members helped to make this the best attended meeting of the club yet held. After the regular session the members assembled in the chapel of Lisner Hall, where dancing and refreshments were enjoyed.

The text of Senor Chamorro's talk was the relation of the South American countries to the United States. He took them one by one, and discussed their social, economic and commercial values and their respective positions toward the North American countries and Europe. He discussed the probable union of all these states of South America, and in what ways the individual states would and would not be benefited by it. He went into details over the dispute which Colombia and the United States had over Panama, and the important part which President Roosevelt played.

For Nicaragua, the country over which his father is president, Senor Chamorro declared that American influence was necessary. This country realizes the supremacy of the United States in social and economic matters and finds it necessary to follow its example to a great extent. He said that all Nicaraguans have for their ambition an education in the United States.

Mr. Passalacqua, the president of El Circulo Espanol, announced that it was his aim to have one prominent speaker at each meeting, and that he is certain it will be worth the while of any Spanish student in George Washington University to attend these meetings and increase their versatility in this language.

After the meeting the whole assembly adjourned to the chapel of Lisner Hall, where dancing was enjoyed to very excellent music. The social committee, headed by Senors Peterson and Palmer, surprised the party by bringing forth an overflow of delicious refreshments.

STUDENT COUNCIL ELECTION

An election will be held for the existing vacancy on the Student Council in the Graduate School on Tuesday and Wednesday, March 29 and 30. Ballot boxes may be found in the main corridor of Lisner Hall, and only graduates, who must sign the ballots, are to vote. Those nominated by the Council to fill the vacancy are Roy H. Heald and James O. Denby. Vote for one and sign the ballot.

1921 CHERRY TREE READY FOR PRESS

Contains Many Features That Are An
Innovation Over G. W. Year-
books of Past Years.

The 1921 Cherry Tree is ready for press! Replete with many interesting and beautiful illustrations, many new sections, the season's best jokes and good biographies, it promises to out-shine all previous yearbooks and to set a new and higher standard for those of future years. Among the more outstanding features and improvements are the leather cover, the University history and the scandalous "Five o'Clock Tea Bits."

As the Cherry Tree's contribution to the Centennial celebration there is a newly introduced section containing a history of the University and the old but interesting pictures of the buildings formerly occupied. And there is the new section which is designed to take care of the "Wandering Greeks," those members of Greek letter fraternities who do not maintain charters at the University.

But of particular interest is that decidedly new addition, the "Five o'Clock Tea Bits," in which, as the name suggests, all the gossip of the past year as dispensed during "Five o'Clock Tea" will be reviewed to present a lasting memorial to those who so kindly contributed, either by word or deed, to enable these kindly disposed ones to carry it on. There are snaps, too, of interesting scenes and people around the school which will augment to some extent the "Five o'Clock Tea Bits," should they be in need of this assistance, and if not they will of themselves form an interesting part of the whole.

It is expected that the editor will be able to have the books ready about the second week in May, or in plenty of time for distribution before school ends for the year.

DR. RICE TALKS BEFORE G. W. MEDICAL SOCIETY

Presents Paper on "Basal Metabolism";
Smoker Follows Scientific Program; Special Cases Reported.

The March meeting of the George Washington University Medical Society was held on Saturday evening, March 19, in Hall No. 1 of the G. W. Medical School. Speeches and especially written papers were made by prominent members of the society, and a smoker followed the scientific program.

The principal talk was made by Dr. E. Clarence Rice, on "Basal Metabolism," which he discussed thoroughly and most comprehensively. A paper on "Sensory Aphasia" was read by Dr. Everett M. Ellison. The discussion of this was opened by Dr. Shepard I. Franz. Dr. C. Augustus Simpson spoke on "Atrophy of Lymphatic and Tonsillar Tissue by Radium and X-ray." Dr. Francis R. Hagner discussed case reports on foreign body in bladder and hematogenous infection of the kidneys.

Dr. F. A. Hornaday, a graduate of George Washington University Medical School, is president of this society and Dr. Jesse T. Mann is secretary. The society's membership comprises many prominent physicians in Washington, D. C., and elsewhere.

NOTICE

The staff announces that there will be no issue of the Hatchet for the week immediately following Easter. The next issue of the Hatchet will appear April 6.

INTERFRATERNITY PROM DRAWS RECORD CROWD

Four Hundred Attend Annual Dance;
Held at Rauscher's; College Officials
Present at Gala Affair.

Two hundred couples, Myer Davis, superb eight-piece orchestra, the beautifully decorated ballroom at La Maison Rauscher, and delicious refreshments contributed to make the annual Interfraternity Prom held last Friday, March 18, an unprecedented success. The dance was given by the Interfraternity Association of George Washington University. All of the fraternities were well represented. The feature of the Prom was the excellent fraternal and interfraternal spirit which prevailed throughout the evening.

At 9:30 p. m. the ballroom was bevy of bright colors and a cheerful buzz filled the air. The strains of the latest music, sent forth by Myer Davis' octette floated through the room and down the stairs to the ever-increasing crowd. The attractiveness of the room was added to by banners of the fraternities, which were hung about the walls in conspicuous places.

The dance programs were dainty white folders, decorated with the seal of the University and the pencil-tipped cords were of blue and white. On the programs were printed the names of the fraternities belonging to the association, its officers and delegates, as well as the patrons and patronesses and the prom committee.

At 11:30, when the beautiful strains of "Ohio Rose" had died away, the guests were served refreshments, which consisted of ice cream, dainty cakes and punch, which had been flowing freely through the evening. After the fair damsels and their escorts had been adequately refreshed, there was a spirit of "on with the dance," thus the dancing was resumed until the last encore of the last dance concluded the successful prom.

To the prom committee, Howard Espey, Glenn Corbitt, Frank L. Yates and Jean M. Boardman, much credit is due, for it was through their efforts that the dance can be called the best of the season. Much of the pleasure of the evening was due to the presence of the patrons and patronesses, who were President and Mrs. William Miller Collier, Dean and Mrs. Hodgkins, Dean and Mrs. Wilbur, Dean and Mrs. Ferson, Dean and Mrs. Borden, Dean and Mrs. Reudiger, Dean and Miss Henning, Dean and Mrs. Kalusowski.

G. W. STUDENTS MEMBERS OF BIOLOGICAL SOCIETY

Prof. Bartsch Believes Society Offers
Many Advantages to Students
of Biologic Science.

The Biological Society of Washington held its regular meeting on Saturday evening, March 19, in the New Assembly Hall of the Cosmos Club. The following program was given: F. H. Knowlton, of the Geological Survey, "Flora of some newly discovered lake beds of southern Colorado," and H. C. Oberholser, of the Biological Survey, "The breeding water fowl of the Great Plains region," with lantern slides.

About 60 biological science students of George Washington University are members of this society. Prof. Paul Bartsch regards the society as an excellent opportunity for anyone interested in general biological problems, because it practically serves as a seminar. Specialists from various government departments give lectures at the meetings and the students have the benefit of ideas communicated by these research men. The society meets from October to May, on alternate Saturdays at 8 p. m.

KAPPA SIGMA WINS FIRST GAME OF SERIES

Kappa Sigma nine started the interfraternity baseball series off with a bang Sunday morning, March 20, when it defeated Delta Tau Delta team by a score of 11 to 3 in a five-inning game on Diamond No. 1, White Lot. From the very outset the Deltas were outclassed. The Kappa Sigs had a very decided edge on the pitching and batting. Daly pitched a splendid game for the Kappa Sigma nine, completely outwitting the Delta sluggers.

The game was started later than was planned, and as a consequence the time allowed for the diamond was sufficient to play only five innings.

CONFERS HONOR ON G. W. U. PROFESSOR

Prof. Richardson Prepares Paper on
the "Philosophy of the Trinity";
Believes He Solves Problem.

At a recent date, Prof. Edward Elliot Richardson, of the Philosophy Department of George Washington University, was the recipient of a signal honor, being elected president of the Society of Philosophical Inquiry of Washington, D. C. This is a unique society, there being no other one in the country of its exact character outside of universities. Prof. Richardson is also vice president of the Baptist Ministers' Conference and is acting president of the Congress Heights Citizens' Association. Recently he was reelected president of the Central Home Mission.

Prof. Richardson has completed a paper dealing with the philosophy of the Trinity, which he believes offers a solution to the age-old problem. This paper is the result of years of original research and study and is to be presented before the Ministers' Conference, at their request, which is to be held in Washington in the near future.

Numerous papers on theology have been read before the philosophical societies by Dr. Richardson, and many articles relating to this subject have been published in magazines. He is editor of the Memoirs of the Society for Philosophical Inquiry and author of a paper called the "Problem of the Imperfect." A paper on Hegel Philosophy has been prepared by him and published.

Nothing more aptly describes Prof. Edward Elliott Richardson, educator, author and theologian, who is in his ninth year of instruction at the George Washington University, than the following lines from Longfellow:

"A theologian from the school of Cambridge on the Charles was there Skillful alike with tongue and pen."

Prof. Richardson does not come from Cambridge, but he does come from Vermont, which is just as truly New England. He was born in the town of Rockingham, February 19, 1873. He was graduated from the Vermont Academy at Saxton's River in 1892, carrying first military honors. He received his degree of doctor of medicine in 1895 at Columbia, having been chosen valedictorian of his class. In 1897 he became professor to the Chair of Anatomy and assistant demonstrator of anatomy from 1898 to 1908. In 1904 he won his degree of bachelor of arts and the following year his master's degree, in 1907 the degree of doctor of philosophy, all conferred by the George Washington University. During his college years he became actively interested in the study of philosophical research, with the result that he became ordained in 1913 and later became pastor of the Congress Heights Church in Washington.

GIRLS TO HOLD INTER- COLLEGIATE DEBATE

Date Set As April 22—Two Teams
To Engage West Virginia
University Debaters.

The tryouts for the women's intercollegiate debate team resulted in the choice of the following: Edith Archey, Kathleen Duggan, Sarah Tilghman, Helen Carlross, Katherine Gayle, Fillmore Wilgus; alternates, Lillian Audas and Marion Holliday.

The debate will be held April 22. George Washington will have one team debating here and one team at Morgantown, W. Va., in a dual debate. The subject will be: "Resolved, That the legislatures of the several States should enact legislation to provide for the establishment of courts of industrial relations, similar to the Kansas court." The word "similar" is defined to mean similar in principle and allowing some variations in the composition of the court.

There are prospects that the girls will have the opportunity next year of debating against Vassar, Cornell, Smith and other large colleges. All those who are interested should come out now and get started.

SWIMMERS WIN SECOND PLACE IN BALTIMORE MEET MARCH 19

Winnig a first and third place, the G. W. swimmers finished second in the swimming meet held under the auspices of the Baltimore Athletic Club Saturday evening, March 19. Baltimore Athletic Club won its own meet.

Why Not G. W.?

The College Wits' number of Judge came out last week, chuck full of stories, cartoons, verses, and jokes by the students of the colleges of the country. Nearly every university in the United States, and some from Canada, were represented; but in all the many pages of matter, nothing could be found that even remotely hinted of George Washington University. Not a line, not an em, not a pica, or anything else, technically stated or otherwise.

His Honor has been mighty good to let the college wits and would-bes break into print in his magazine. It is an indication that some business firms in the country realize that college students are not all immersed in Greek and Latin and higher learning, but, being human and rather clever, that they have a stock of humor that pleases. His Honor deserves all credit and obeisance.

But with all the goodness of Judge in allowing for such an opportunity, and for paying for the material used, none of the many G. W.s took advantage of the offer. We refuse to believe that it was because they hadn't the brains or the intellect or the sufficient promptings of the Muse, but rather that they didn't scout around and make use of the advantages at hand. The Ghost marks a very good attempt to break into the field of the college humor magazine. But The Ghost can't sally onward in his spectral flight, unless the students of George Washington, individually and collectively, contribute more material for his edification. The new magazine needs stories and jokes and cartoons galore, and the more it has the better it will be. But it is wise to realize that contributing to The Ghost will serve a double purpose—to help along a new institution and to train the individual contributor in the art of expression. We urge all G. W.s to take a shot at this new line of endeavor, and to be "prepared" when another issue by His Honor comes along. Then, maybe, we won't be ashamed to note that George Washington University is entirely neglected, as we must confess, we were this time.

—J. F. H.

Stupid Steve Says:-

Dear Stupid: Can you tell me what the president of the Junior Class of Columbian College was doing on the fire escape of the Y. M. C. A. at 2 o'clock one Sunday morning?

Answer: He hasn't confessed that escapade to us yet, but the exposure must have been something awful.

STEVE.

STOP, LOOK, LISTEN.

In One Spasm.

Man on bicycle, without light, riding in rain. He approaches crossroads and does not know which way to go. Locates sign on side of road. Fumbles in pockets for match. Climbs pole to top. Match is wet and won't light. Climbs down. Seizes another match and again climbs up. Finally succeeds in striking match and reads sign which says: "Wet Paint." Man then says: "Wet Paint?"

I claim that the bird who wins the empty house over the vacant lot is the bird who wrote furiously for three hours so he could finish what he was doing before his ink gave out.

Speaking of styles, I'll bet that an epidemic of (knee)phritis breaks out right after Easter Sunday.

Dear Stupe: Does Tex talk to himself when he is alone?

Peg.
 Dear Peg: I don't know. I never was with him when he was alone.

Dear Stupe: Who said a ground hog was a sausage?

Answer: Frank Furter.

WHEN you call a man
 A bone-head
 DID you ever
 STOP to think
 THAT it's because
 HE lacks
 BONE in his
 BACK
 THAT he is such
 A "gink"?

Dear Stupe: In referring to a train in a sentence, would I say, "Here she comes," or "Here he comes?"

Answer: It depends upon whether it is a mail train or not.

No wonder the fat man chuckled

I SWELLED with pride.
 THE FAT man next to me
 WAS READING one
 OF MY cigarette ads.
 AND I felt him chuckle.
 NOW NO one had ever
 PRAISED THAT ad.
 SO I had to ask
 IF HE liked it.
 AND HE said, "Sure."
 AND LAUGHED some more.
 THEN HE said,
 "LOOK HERE" and pointed,
 AND WHERE I'd written
 "PURE TOBACCO."
 THE PRINTER had set
 "PURE TABASCO."
 AND THAT'S why the man
 THOUGHT MY ad
 WAS HOT stuff.
 BUT THEN he said,
 "FORGET THE ads.
 I NEVER read 'em.
 BUT LEMME tell you
 SOMETHING DIFFERENT.
 THEY OUGHT to say
 ABOUT THAT cigarette.
 AND THAT is this.
 THEY SATISFY."
 AND DARNED if I don't think
 HE REALLY believed.
 HE WAS giving me
 SOMETHING NEW!

YOU can blame it on the printer if you don't see "They Satisfy" in a Chesterfield advertisement. But be sure of this—you'll find it in the cigarette, every time. Wonderful Turkish and Domestic tobaccos, wonderfully blended—it sounds easy. But you'll find nothing else like Chesterfields. That blend can't be copied.

In packages of 20 protected by special moisture-proof wrapper. Also in round AIR-TIGHT tins of 50.

THETA DELTA CHI WINS INTERFRATERNITY CUP

Sigma Alphas Nosed Out by Margin of Four Points in Championship Basketball Game.

Theta Delta Chi won the Interfraternity basketball championship on March 17, when they defeated Sigma Alpha Epsilon by the score of 25-21 in the Epiphany Gymnasium. The game was hard fought and kept 75 wildly excited spectators in a continual state of suspense. The winners will be presented with a handsome silver loving cup by the Interfraternity Association.

The Theta Deltis drew first blood, when Ladd caged a foul. S. A. E. then took the lead and maintained it until almost the end of the contest, when the Theta Deltis took on new life and broke a 21-21 tie by making two field goals by excellent team work.

It was anybody's game from the very first until the final whistle. S. A. E. showed better team work earlier in the game than did the Theta Deltis and were thus able to maintain a lead until almost the last, when the Theta Deltis caged three baskets by trick plays.

Pease, of Sigma Alpha Epsilon, showed the spectators some clever shots but worked at a disadvantage, being well guarded by Roberts, of Theta Delta Chi. Ladd and Stephens showed good form in shooting goals from the floor. McCalister and Vidmer worked well under the basket. Wright shone in the offensive play, while Cholle was good on the defensive. The passing of Brown also featured.

Throughout the game the spectators backed their teams with the most enthusiastic demonstrations. Each side had a cheer leader, who kept his men yelling and applauding and singing.

The game was of regulation length and the score by quarters was as follows:

First quarter—S. A. E., 8; T. D. X., 5. Second quarter—S. A. E., 13; T. D. X., 10. Third quarter—S. A. E., 19; T. D. X., 18. Fourth quarter—T. D. X., 25; S. A. E., 21.

WILL HOLD DAILY TRACK PRACTICE

Track practice for the G. W. track teams has started in earnest. Manager George Neilson announces practice for day men at Seventeenth and B Streets Northwest daily at 2.30 to 4 p. m. and for night men at the Y. M. C. A., 1736 G Street, Tuesday, Thursday and Saturday nights at 7 p. m.

A sizable squad is working out in Potomac Park at the municipal bathing pool daily. The Office of Public Buildings and Grounds is providing a 220-straightaway track, jumping, shot-putting and pole-vaulting pits and going to considerable expense to put a big field in order for outdoor work. The program for the year is as follows:

April 16—Closed meet.
April 23—Triangular meet, Maryland and Catholic Universities.

April 29-30—Penn Relay Carnival, Philadelphia, Pa.

May 7—Dual meet with Gallaudet College.

May 13-14—South Atlantic Intercollegiate A. A. meet, Georgetown University.

More than 20 men are at work daily, and the squad is increasing every day. Among those working out now are Henderson, J. Loehler, P. Loehler, Altrup, Manson, Moyle, Wright, Tolson, Peake, Powell and Birmingham.

DARTMOUTH REJECTS 700.
With 1,200 applications for admission for the year 1921-22 and accommodations for only 500, Dartmouth must reject 700 applicants for enrollment. It is estimated that 500 students will tax the college dormitories and all available resources in the college community.

Roberts.....R. G.....Potter
Brown.....L. G.....Cholle

Goals from floor—Theta Delta Chi: Ladd (3), Vidmer (3), Wright (3). Roberts; Sigma Alpha Epsilon: Pease (2), McCalister (2), Stephens (3). Potter, Cholle. Goals from fouls: Ladd, 5 out of 10; Pease, 3 out of 8. Time of quarters, 10 minutes. Timer, Yates. Scorer, Neill. Referee, Haas.

G. W. LEADS IN INTER-COLLEGIATE MATCHES

At the end of the fifth match, George Washington leads in the Intercollegiate League shoot by 26 points, according to the officially published standing. The score in the fifth match (shot from a standing position):

W. R. Stokes.....	92
J. M. Barry.....	86
E. Haworth.....	86
H. C. Espey.....	8
W. E. Barkman.....	80

Total.....429
The sixth and seventh matches have been fired. The following scores were made but have not yet been officially ratified:

(Sixth (prone).)	
H. C. Espey.....	100
G. Hastings.....	100
E. Haworth.....	100
W. Webb.....	100
W. R. Stokes.....	99

Total.....499

Seventh (standing).	
W. R. Stokes.....	96
J. M. Barry.....	95
W. E. Barkman.....	93
G. Hastings.....	86
A. G. McNish.....	79

Total.....449
This is the third time that the team has made 499 out of 500 in a prone position match. There are three more matches to be shot, and, of course, of these, two are prone matches, and every member of the team is going to do his best toward securing at least one team score of 500.

Untz: Do you know John Smith?
Bill: No. What's his name?
Untz: Who?—Exchange.

MURAD

The Turkish Cigarette

We go 6000 miles for the Turkish tobacco used in Murad—Why?

Because—Turkish has a taste—Turkish has a mildness—Turkish has a delight—far beyond all cigarette tobaccos of all other lands—

Murad gives you real enjoyment, and true delight such as no Tobacco other than 100% Pure Turkish Tobacco can give.

Facts—Facts—FACTS—!

Tens of thousands of smokers—tens of thousands of times—have PROVEN this—

“Judge for Yourself—!”

THE AVENUE AT NINTH

RADIO

University students will find this a most interesting study to take up. The Loomis Radio School is conducting night classes from 7 to 9 o'clock five nights in the week and preparing young men to pass the Government examination for the first grade commercial radio license. Those not interested in obtaining a license may take our short course, which will qualify them to receive the code at the rate of 15 to 20 words a minute and learn to operate a receiving apparatus. This will afford one the opportunity of pleasant and fascinating use of many a spare hour.

Among the Fraternities

SIGMA CHI.

The initiates dance, which was held last Friday at the house, was unanimously voted the best dance held this year.

A smoker will be held this coming Thursday, and all Sigs are invited and requested to be there.

An Easter dance will be given at the house this Saturday, a four-piece orchestra having been hired for the occasion, and everyone expects to have the usual good time.

Edward Hanson and Emmett Doherty are going away for the vacation and will not return until Tuesday night.

KAPPA SIGMA.

Kappa Sigma will meet Sigma Chi in a baseball game Saturday afternoon at 4:30 p. m.

The effective pitching by Jack Daly and timely hitting gave the Kappa Sigs an 11 to 3 victory over Delta Tau Delta.

Norphett Turner, of Washington and Lee, visited the chapter house over the week end.

Brothers Tomkies and Robies, of West Virginia, debating team, visited the chapter while in Washington.

A dance will be held at the chapter house Monday evening, March 28.

SIGMA ALPHA EPSILON.

The chapter announces the affiliation of William R. Thomas, of New York Alpha.

In a swimming meet held last Saturday in Baltimore under the auspices of the Baltimore A. C., Granville Dickey took first honors in the backstroke event.

Ray Read and Les Young, who are both enthusiastic golfers, have resumed their early morning trips to the links. It appears they would rather play golf on Sunday than go to church.

SIGMA PHI EPSILON.

D. of C. Alpha Chapter held its annual founders' day banquet in the Oak Room of the Raleigh Hotel on Thursday night, March 17. About 50 alumni and active members were present.

YOU HAVE WRITTEN POEMS!

Do you care to have them revised or constructively criticised by successful authors? If you do, then send us your manuscript (stories, articles or poems). We will criticise, and place them, should they prove to be acceptable for publication.

There is no actual charge for our services. If, however, you have not previously enrolled with the advisory department of this association, we request that you enclose the initial fee of two dollars, which we must ask of each new contributor. There is no additional expense, no future obligation.

It must be realized that we can only be of aid to those of serious intent. If you do mean to strive for literary success, we can help you in many ways. Our services are yours until we have actually succeeded in marketing at least one of your manuscripts. Send something today!

Please enclose return postage with your communications.

Advisory Department

On March 11 Owens entertained the S. P. Es. with an informal dance at his home in Cleveland Park.

Verne Simmons has left the hospital and is now living at the fraternity house.

KAPPA ALPHA.

The K. A. Sister Club gave a buffet supper for the members of the active chapter last Sunday from 5 to 7. Quite a number of outside guests were there to enjoy the affair.

The annual spring ball of Alpha Nu Chapter will be held on March 30 of Easter Week, at the Hotel Washington from 9 to 1 a. m. The affair will be chaperoned by Representative and Mrs. McPherson, Mr. and Mrs. Hinton, Mrs. William R. Myers, and Mrs. H. C. Jones, sr., of Charlotte, N. C. Invitations have been extended to representatives of all the fraternities at George Washington University to be present.

PHI DELTA PHI.

John Marshall Inn of Phi Delta Phi takes pleasure in announcing the birth of a son, Harry Arthur Gillis, jr., to Brother Gillis on March 2. Brother Gillis assures us that he will see to it personally that Harry, jr., will follow closely in his footsteps through George Washington.

Brother George Neilson, '22, has been elected by the Inn as delegate to the Interfraternity Association for the coming year.

DELTA TAU DELTA.

The chapter will hold its Easter dance at the house on Monday night. Many surprises are promised.

The University has adopted the Delta Tau Delta activity medal award, and the medal itself is being made now at the firm of R. Harris & Co. The medal will be on display when finished. An account of the award and eligibility for it will appear in The Hatchet in the near future.

Doug Macomber has entirely recovered from his recent illness.

Several of the chapter members have chartered the buffet room of the Raleigh for their daily lunches. The gang includes Whit McCoy, Main Sandoe, Ross Nichols, Tommy Robinson, and others, on or near pay day.

PI BETA PHI.

Invitations have been issued for the reception in honor of Mrs. Calvin Coolidge and Mrs. Wallace, wife of Secretary of Agriculture, on Thursday, March 24, from 4 to 7 at 3520 Sixteenth Street.

Miss Elizabeth gave a shower at her home in honor of Miss Heloise Lazaro on Wednesday, March 23.

SOCIETY FOR PRESERVATION OF WILD FLOWERS HEARS BARTSCH

At the meeting of the Washington chapter of the Wild Flower Preservation Society of America, held on Wednesday evening, March 16, at the Wilson Normal School, Prof. Paul Bartsch gave a paper on leaves. He distributed mimeographed sheets showing the different shapes of leaves and leaf sculpture. He then showed a series of lantern slides giving their microscopic structure. He discussed the function of leaves, pointing out that in reality they represent chemical laboratories. Prof. Bartsch also displayed a number of lantern slides showing the carnivorous plants of our region, among which were sun dew, pitcher plant, Venus fly trap, and bladderworts.

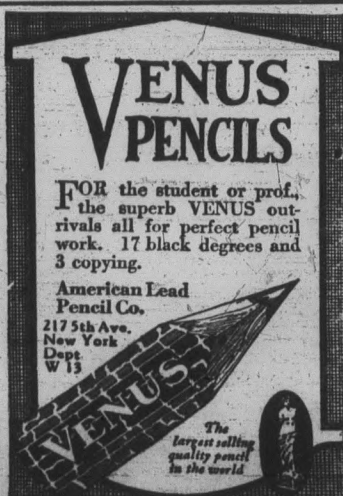

COLUMBIAN HOLDS DEBATE.

The Columbian Debating Society met Friday, March 18, at the Law School. The subject of the debate was: "Resolved, That all amendments to the Constitution should be made by direct vote of the people."

The affirmative was argued by H. Hunt, E. Walliek and O. Osnes. C. der Bedrosian, Dorothy Johnston and W. French took the negative.

The judges rendered a unanimous decision for the affirmative, and the first place was awarded to William French, second place to Earl Walliek, and honorable mention to O. Osnes.

The society decided to hold a banquet on the 9th of April, at the La Fayette Hotel.

PROFS START PRACTICE

Like the proverbial groundhog, the faculty baseball team has decided to come out. It will begin practice work this week and expects to make a real starter for a grand finish. This decision was reached at a recent meeting of the club, when the first warm days

of spring began to stir things up and put new vitamins and calories into the veins of our venerable and respected faculty heads. In a day or so, the staid old University will be horrified to see its shining lights gambolling on the green like the sheep on the White House lawn. Let us hope that the team will not see its shadow.
